

ANTIMALARIAL MEDICATION

Your travel plans may necessitate protection against malaria.

Antimalarials are NOT available on an NHS Prescription.

Some are available to buy from your pharmacist.

Some are available only with a Private Prescription supplied by your doctor (a fee is payable for this).

Please complete this form and take it to a pharmacist.

The pharmacist will assess your risk and advise the appropriate medication required.

Name: **Date of Birth:**

Destination:	Date from:	Date until:
.....
.....
.....
.....

If the pharmacist informs you that you need a Private Prescription, please ask him/her to complete this section.

You will then need to make an appointment with the Nurse Practitioner and bring this form with you.

For completion by the pharmacist

The following antimalarial prophylaxis is recommended on Private Prescription:

.....
.....
.....

Duration of treatment:
